About Hunter Oil Corp.

Hunter Oil owns and operates two large, historic oil fields in the Permian Basin of Eastern New Mexico - the Milnesand and Chaveroo fields, which together comprise in excess of 23,000 gross acres, substantially held by production. Historical production of these two fields is approximately 40 million barrels. Hunter has engineered a horizontal redevelopment of the San Andres productive zones. The Company plans to unlock the value in these resource-rich fields by leveraging existing infrastructure, lowering operating costs and increasing efficiencies of its operations.
